Follow us on

To provide one-stop comprehensive housing education, counseling, and resources to produce informed and responsible homebuyers.

Our Vision

The Center for Homeownership produces homebuyers who will achieve and maintain homeownership.

A home is usually the single most important purchase a consumer will ever make. It represents an investment in his or her future, family, and community; but buying a home can be both exciting and confusing. The Center for Homeownership (CHO), a HUD approved counseling agency, was formed to educate and guide aspiring homeowners through this critical process.

CHO is dedicated to helping individuals and families achieve the dream of homeownership. Through a combination of local, state and national partnerships, the agency has created the opportunity for clients to access the information needed to understand the process of purchasing a home as well as the responsibilities of homeownership.

Your path to homeownership... Call 336-773-0286.

At the Center for Homeownership, future homeowners can obtain information about every step of the home-buying process, from preparing for homeownership to obtaining a mortgage to closing. CHO counselors will work with clients until they become mortgage-ready. Many who believed homeownership was out of reach changed their minds after meeting with CHO Certified Housing and Credit Counselors.
